A contract will be entered into by KEDC with only responsible bidders who possess the potential ability to perform successfully under the terms and conditions. Consideration shall be made for such matters as a bidder's integrity, record of past performance, financial and technical resources or accessibility to other necessary resources. 2. **Award:** After the review of the bidresponses, the KEDC Board or its designee may award a contract based on the criteria below. It is an expectation that all individual items bid are to be stocked items slotted at all distribution

facilities servicing KPC members. If an awarded bidder is temporarily out of stock of a particular item, **an equal or superior product at an equal or lower price to the original item portion price shall be provided.** Awarded bidder shall maintain a 97% average weekly fill rate for all primary and secondary bid items.

If the awarded bidder fails to deliver within the time specified, or within a reasonable time as interpreted by each School Nutrition Director, or fails to make replacements of rejected articles when so requested, or demonstrates a continuous inability to secure the bid item, the school at its sole discretion, may purchase a product of equal or greater quality from another source. On all such purchases, the awarded bidder shall be responsible and liable for the difference in cost between the amount paid for the substituted product and the amount which would have been paid the awarded bidder. The awarded bidder's argument that an item could have been purchased at a lower price shall not have merit.

KEDC RESERVES THE RIGHT TO ASSESS A FINANCIAL PENALTY UPON THE AWARDED BIDDER IN THE AMOUNT OF UP TO \$1,000 PER INSTANCE FOR FAILURE TO MAINTAIN THE AVERAGE FILL RATE OR FOR FAILURE TO STOCK/SLOT PRIMARY ITEMS ON A CONTINUOUS BASIS WHICH RESULTS IN SPECIAL ORDERS OR SUBSTITUTIONS.

19. **Delivery Time:** Acceptable delivery times will generally be between 6:30 a.m. and 2:00 p.m. Deliveries are to be made to individual schools on a weekly basis. No minimum dollar or case amounts shall be required for the weekly delivery to members. Additionally these members may occasionally request additional deliveries or special arrangements from time to time and awarded bidder shall respond with no extra charge.

Specific delivery dates and times shall be negotiated with each School Nutrition Director.

20. **Delivery Procedures:** Drivers and helpers shall deliver merchandise into designated storage areas. Drivers or helpers shall not be required to store merchandise on shelves. Drivers may request the authorized school receiver to verify the accuracy of quantities delivered. Shortages, damages and substitutions shall be noted by the driver to the receiver and noted on the delivery ticket. **This signature will only indicate that the order has been received and will not indicate that the invoice has been reconciled to the actual items delivered.** All products shall be maintained at their proper temperature throughout their staging, loading, transport and delivery. All of the vendor's facilities and delivery vehicles must conform to local, state and federal rules and regulations regarding sanitation and are subject to inspection by KPC or its members or other officials at the discretion of the KPC.

It is understood that deliveries are not to be made when school is not in session with exception of the opening of school. Calendars will be provided to the successful bidders to designate off-school days. When school is cancelled because of inclement weather or any other emergency and the delivery truck is already in route, upon arrival the company driver must contact the School Nutrition Director by telephone for instructions. The school system reserves the right to accept the delivery, authorize another acceptance signature, or to return the delivery. If the truck has not left the distributor's warehouse, the delivery will be made on the next day that schools are re-opened unless notified otherwise.

An emergency delivery communication plan is to be completed and provided for each participating KPC Member upon award.

21. **Delivery Failure:** If the vendor fails to deliver an order, the vendor shall take corrective action by either making a special delivery to the member or by arranging for delivery by another vendor. The vendor shall incur any extra cost difference between the price of the originally ordered items and the price of the alternate vendor. This

delivery will be made within 48 hours of the original delivery day. The vendor will provide any overtime pay incurred by any of the member's employees if a late delivery occurs.

**NOTE: The awarded bidder is responsible for ensuring all the delivery personnel have the correct item numbers and prices loaded into their inventory system upon making delivery to the facility.**

22. **Payments:** Each school district and/or school shall be responsible for making payment to the awarded bidder. Normally, school districts pay bills only after approval from the Board of Education which meets monthly.

## **Questions and Answers for Buy American Provision (SP20-2006 Revised)**

1) Question: What are the requirements of the Richard B. Russell National School Lunch Act's (NSLA) Buy American provision that school food authorities (SFAs) must follow when purchasing food and food products for use in the Child Nutrition Programs?

Answer: Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 (Public Law 105-336) added a new provision, Section 12(n) of the NSLA (42 USC 1760(n)), requiring SFAs to purchase domestically grown and processed foods, to the maximum extent practicable. Purchases made in accordance with the Buy American provision must still follow the applicable procurement rules calling for free and open competition.

2) Question: How would an SFA determine it's a "domestic commodity or product"?

Answer: Section 12(n) of the NSLA defines "domestic commodity or product" as one that is produced and processed in the United States substantially using agricultural commodities that are produced in the United States. One of the reports accompanying the legislation noted that "substantially" means that over 51% of the final processed product consists of agricultural commodities that were grown domestically.

3) Question: Are there any exceptions to the requirements of the Buy American provision?

Answer: Yes. While rare, two situations which may warrant a waiver to permit purchases of foreign food products are: 1) the product is not produced or manufactured in the U.S. in sufficient and reasonable available quantities of a satisfactory quality; or 2) competitive bids reveal the costs of a U.S. product are significantly higher than the foreign product.

4) Question: Does the "Buy American" provision apply to entities that purchase on behalf of an SFA, such as a purchasing cooperative or a food service management company?

Answer: Yes. Any entity that purchases food or food products on behalf of the SFA must follow the same "Buy American" provisions that the SFA is required to follow.

5) Question: Does the "Buy American" provision apply only to purchases made using Federal funds under the Child Nutrition Programs?

Answer: No. SFAs must ensure that all procurements using funds from the nonprofit school food service account comply with the Buy American provision. Pursuant to Child Nutrition Program regulations, all Federal funds, all money received from children as payment for program meals, all proceeds from the sale of competitive foods, and all other income generated by the school food service must accrue to the food service account. As a consequence, the entire nonprofit school food service account becomes subject to Federal procurement standards.

6) Question: What can an SFA do to comply with the requirements of the Buy American provision?

Answer: There are a number of ways SFAs can comply with the provision. SFAs should be including a Buy American clause in all product specifications, bid solicitations, requests for proposals (RFPs), purchase orders, and

other procurement documents issued. Additionally, SFAs are required by 7 CFR 3016.36(b)(2) to monitor contractor performance to ensure compliance with all contractual requirements, including the Buy American provision. SFAs can also ask their suppliers to provide certification as to the origin of the product which is discussed in more detail in question #9.

7) Question: How should an SFA determine the country of origin for an end product?

Answer: For manufactured end products, there is a two-part test to define end product:

(1) the article must be manufactured in the United States; and (2) the cost of domestic components must exceed 50 percent of the cost of all the components. It is not enough to assume that a product with a well recognized American brand name or product supplied by a domestic foodservice distributor complies with the Buy American provision. SFAs should inquire further with their suppliers to determine the country of origin for an end product because some products sold in school meals may carry the name brand of domestic company but the product itself may derive from another country. SFAs should also examine product packaging as the Nutrition Labeling and Education Act of 1990 mandates that the country of origin for both domestic and imported food products be identified on the product labels.

8) Question: Should SFAs rely on the distributors' reliance on information from American suppliers about the amount of domestic content in the parts, components, and other elements they buy and use for their final products?

Answer: According to the Federal Trade Commission, if given in good faith, entities can rely on information from foodservice distributors about the domestic content in the parts, components, and other elements contained in the product. However, rather than assume that the content is 100 percent U.S.-made, SFAs would be wise to ask the supplier, i.e., manufacturer or distributor, for specific information about the percentage of U.S. content. SFAs can include in their bidding process a requirement for certification along the lines of: "We require that suppliers certify the percentage of U.S. content in products supplied to us. If you are unable or unwilling to make such certification, we will not purchase from you." Appearing under this statement could be the sentence, "We certify that our \_\_\_\_\_ have at least \_\_\_\_ % U.S. content," with space for the supplier to fill in the name of the product and its percentage of U.S. content.

9) Question: Doesn't this place some of the burden on the manufacturers and distributors of food and food products in the Child Nutrition Programs?

Answer: Yes. The ability to certify, as required by the terms of the contract with the SFA, will require that manufacturers and processors look back far enough in the manufacturing process to be reasonably sure that any significant foreign content has been identified.

<sup>b</sup> Food items included in each food group and subgroup and amount equivalents. Minimum creditable serving is ½ cup.

<sup>c</sup> One quarter-cup of dried fruit counts as ½ cup of fruit; 1 cup of leafy greens counts as ½ cup of vegetables. No more than half of the fruit or vegetable offerings may be in the form of juice. All juice must be 100% full-strength.

<sup>d</sup> For breakfast, vegetables may be substituted for fruits, but the first two cups per week of any such substitution must be from the dark green, red/orange, beans and peas (legumes) or “Other vegetables” subgroups as defined in §210.10(c)(2)(iii).
