Ingredients:

milk, tribasic calcium phosphate (calcium)*, carrageenan*, guar gum*, lactase enzyme*, and vitamin D3.

*Ingredient not in regular milk.

LACTAID® Calcium Enriched Fat Free Milk contains 500 mg calcium per 8 fl oz serving. Regular fat free milk contains 300 mg calcium per serving.

LACTAID® Milk is real, wholesome, farm-fresh milk that's 100% lactose free. It tastes great and it's full of high-quality protein, vitamins A and D and calcium. We add a natural enzyme that breaks down the lactose into two simple sugars, glucose and galactose, that are easy to digest. That means you can drink a tall cold glass, pour it on your cereal, add it to your coffee or tea, or use it in your favorite recipes without discomfort.And LACTAID® Milk comes from cows that have not been treated with artificial growth hormone (rBST)*.

*No significant difference has been shown between milk derived from rBST-treated and non-rBST treated cows.

You'll find LACTAID® Milk in the dairy section of your favorite supermarket in Fat Free, Lowfat, Reduced Fat, Whole and Calcium Enriched varieties. LACTAID® Milk is WIC approved.

LACTAID® Milk is also available in two convenient single-serve options - great for use in hospitals, nursing homes, schools, corporate and government eating facilities, just about anywhere milk is served. Contact us at 1-800-836-5090 to inquire about food service options.

RE: HACCP program.

All products produced and distributed are monitored under a full HACCP program. In addition, we are regulated under the Pasteurized Milk Ordinance, and Good Manufacturing Requirements. A third-party firm also audits us annually. We also have a corporate Quality Assurance Manager that validates our program.

I hope the information I am sending you is sufficient, if not please let me know.

Thank you,

Mike Bouchard

Supersedes: 1.7.18

Prairie Farms Dairy, Inc. hereby guarantees that all articles or products sold, shipped or delivered will be:

(a) Not adulterated or misbranded within the meaning of the Federal Food, Drug and Cosmetic Act, to the extent that said Act is then effective and applicable, nor are articles or products which are prohibited by said Act from introduction into interstate commerce;
(b) In compliance with and are not adulterated or misbranded within the meaning of any state or municipal law, similar to the said Federal Food, Drug and Cosmetic Act, to the extent said similar state or municipal law is then effective and applicable, and
(c) Are not products or articles that contain or bear any penicillin or other antibiotics, pesticide chemicals, or other food additives, which are unsafe within the meaning of the Federal Food, Drug and Cosmetic Act and are not such articles or products as may not be introduced into interstate commerce.

This Guarantee shall be a continuing guaranty and shall remain in effect until the Seller shall terminate the same by giving the Buyer not less than Thirty (30) days written notice by of such termination.

Executed by Seller this 17th day of December, 2019.

Name of Guarantor: Prairie Farms Dairy, Inc.

By: Charles E. Mack

Address: 3744 Staunton Road, Edwardsville, IL 62025

TEL–618-659-5700
FAX–618-659-5701

PRAIRIE FARMS DAIRY, INC.
3744 Staunton Road
Edwardsville, IL 62025

Date: December 19, 2019

To whom it may concern:

In regards to the production of yogurt from the Prairie Farms Dairy plant located at 415 N. 24th Street, Quincy, IL 62301, plant #17-270.

The milk used in the production of yogurt has been pasteurized at a minimum temperature of 72C (161F) for at least 15 seconds or 69C (155F) for a minimum of 30 minutes. This follows the guidelines set forth in the 2017 revision of the Grade "A" Pasteurized Milk Ordinance and kills any pathogenic bacteria that may be found in a raw dairy product. The product is safe and wholesome and approved for human consumption.
